Excellence in Condominium Management Course

Course Overview:

The Excellence in Condominium Management course is the first course within the condominium management licensing education program. Completing the course content and passing the supervised exam will be a prerequisite for a limited licence.

Course Goals:

- To provide all condominium managers with a foundational knowledge of the condominium industry and the role of a condominium manager in Ontario
- To inspire potential general licensees by highlighting the benefits and opportunities of a career in condominium management
- To ensure awareness of the realities of the condominium management role before beginning the full program
- To set a consistent standard of excellence for condominium managers in Ontario

Course Structure:

- Initial online self-assessment
- Self-directed learning to obtain basic knowledge of the overall program, role of the condominium manager, and the condominium industry
- Instructor-led classroom sessions to reflect on knowledge-based content; develop a personal development plan; and introduce frameworks for communication, collaboration, teamwork, and decision-making
- Supervised exam at the end of the course
